

## Easy Pay Automatic Payment Program Application

### **INSTRUCTIONS**

#### Checking Account:

- Fill out this Application to include your utility account and checking account information.
- Tear out a blank check and mark it "VOID".
- Sign the form and return it along with your voided check.

#### Credit Card:

- Fill out the Application Form to include your utility account and credit card information.
- Sign the form and return it.

That's all there is to it! You'll know that Easy Pay has been activated when your utility bill says "AUTOMATIC EASYPAY PENDING" or "CREDIT CARD DEBIT IN EFFECT." Be sure to pay your bill as you usually would while you're waiting for the bill message to appear on your utility bill. After that, you'll get a statement each month showing how much we will deduct from your checking or credit card account. Before we do, you'll have ten days to look over your bill and ask any questions.
